DOCKET CONTROL

Dear Members of the Arizona Corporation Commission:

I am a resident of Arizona, and I work very hard + pay my energy bills each month. I know that if there were a way for me to be more efficient with my energy use, I would not have to pay as much. This is why I am in full support of the energy efficiency standard. I need to keep my family healthy and happy, so please do not delay - implement the standard. I am willing to pay more in the beginning so that my bills decrease over time. Thank you for your consideration.

Sincerely,
Donnella Lincoln
